

How To Set Up Amazon Echo to play through uStream One speakers

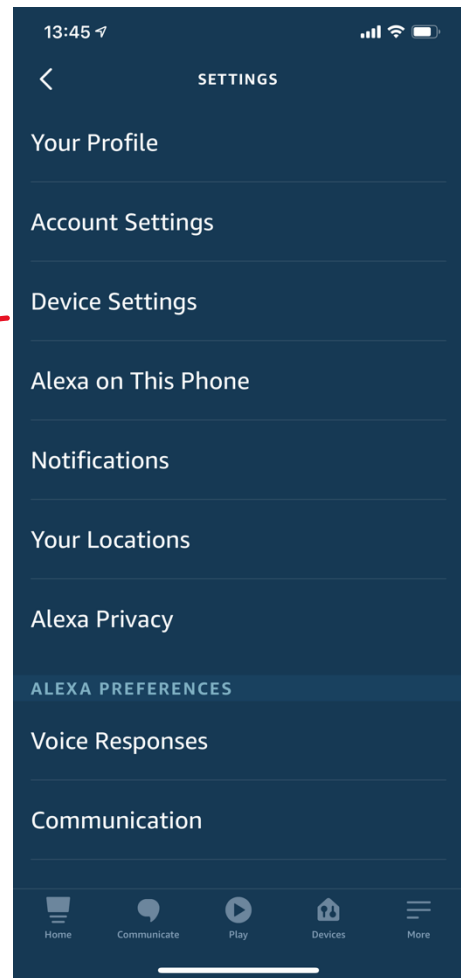

- 1) Open the Alexa App on your phone or tablet
- 2) Press 'More' on the bottom right of the screen

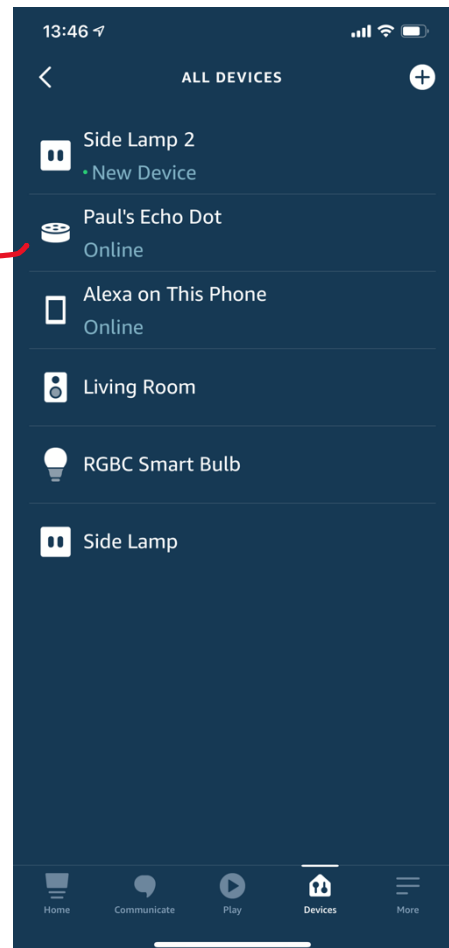

- 3) Press 'Settings'

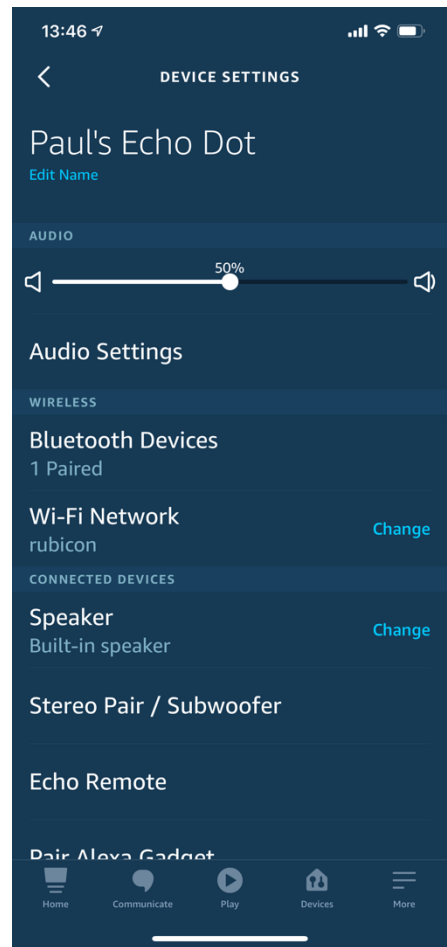

4) Press 'Device Settings'

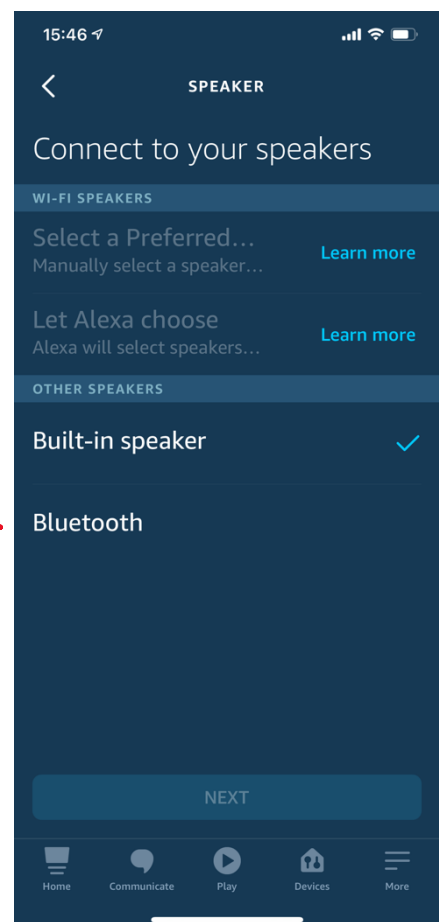

5) Select Device you wish to connect to your uStream One speakers, IE one of your Amazon Echo devices

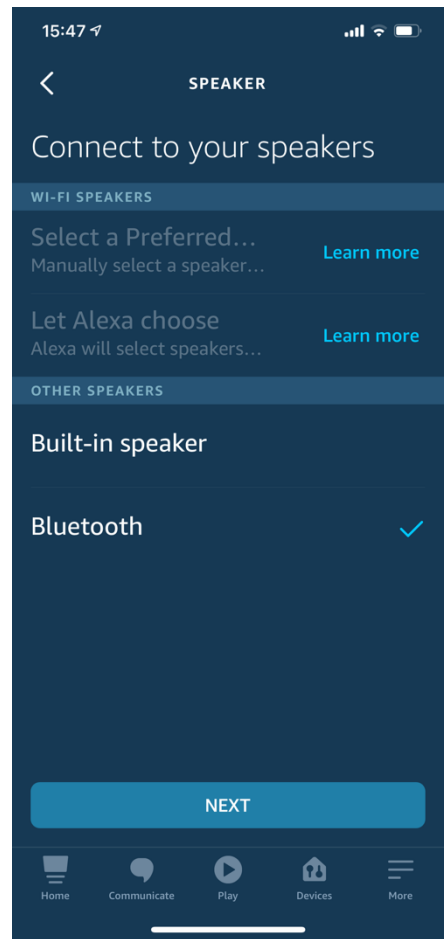

6) Press 'Change' next to 'Speaker – Built-in speaker'

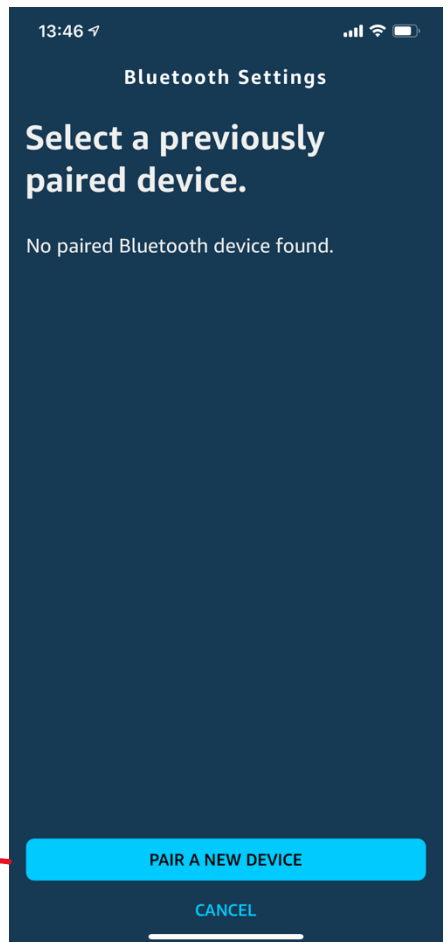

7) Next Select 'Bluetooth'

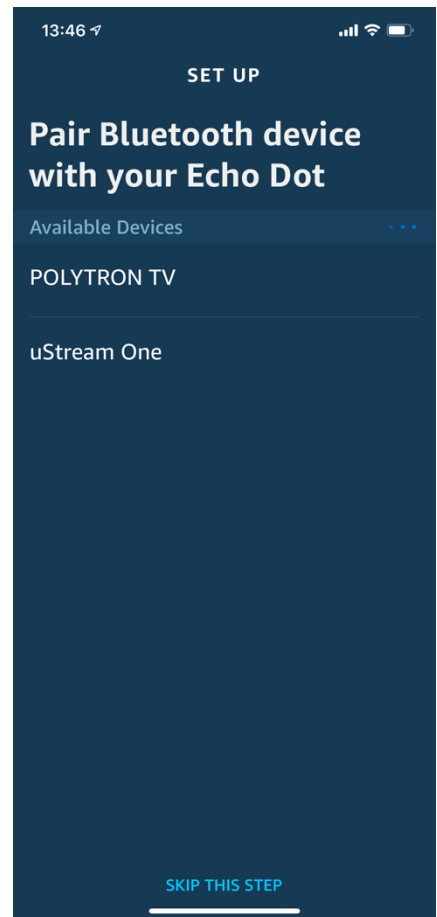

8) Select 'NEXT'

9) Select "PAIR A NEW DEVICE"

10) Select 'uStream One' from the devices list

Your Amazon Echo will now connect to your uStream One's. You will hear a voice confirmation from the uStream one's and also from the Echo.

Now just try saying *"Alexa, play music"*
